TECHNICAL SKILLS

- HTML/CSS
- JavaScript
- Python
- C#
- SQL
- Networking
- Automation
- Robotics
- Arduino
- Raspberry Pi
- Git
- UI/UX

SOFT SKILLS

- Team Leadership
- Problem Solving
- Communication
- Mentoring
- Adaptability
- Project Management

LANGUAGES

PERSONAL DETAILS

Nationality

South African

Gender

Male

HOBBIES AND INTERESTS

- Programming
- Gaming
- Gym
- Soccer
- Rugby
- Tech Meetups
- Content Creation

INTERESTS

- Tech Meetups
- Open Source
- Robotics
- Fitness
- Esports
- Mentoring
- Content Creation

WORK EXPERIENCE

IT Intern

TechSolutions Pvt. Ltd.

June 2023 - August 2023

Assisted in developing web applications, troubleshooting systems, and supporting network management tasks. Contributed to automation solutions and code maintenance.

Tech Mentor

Local Community Center

January 2023 - Present

Mentored high school students in basic coding, data analysis, and robotics. Led coding workshops using Python, JavaScript, and C#.

EDUCATION

Bachelor of Information Technology (B.IT)

Nelson Mandela University

2021 - 2024

Specialization: Automation in Robotics

Matriculation (Grade 12)

Menzi High School

2019

PERSONAL PROJECTS

Automation Projects

Developed various automation systems, including robotics applications and control systems using platforms like Arduino and Raspberry Pi

(2019 - 2024)

Programming

Worked on personal coding projects in CSS, C#, Python, SQL, JavaScript, and created networking setups in Packet Tracer

(2020 - 2024)

KEY PROJECTS

Smart Home Automation System

2023

- Developed an IoT-based system controlling lighting, temperature, and security
- Integrated Raspberry Pi with Arduino modules and custom mobile app
- Reduced energy consumption by 25% in prototype testing

Community Coding Platform

2022 - Present

- Built a web platform for local students to collaborate on coding projects
- Features include real-time coding, mentorship matching, and resource sharing
- Currently used by 50+ active members in the community
